

# Odyssey of the Mind

## Student and Parent Contract

### Student Contract and Commitment:

To show my support of my fellow team members, coaches and my school, I will:

1. Encourage my fellow team members by always supporting them.
2. Listen to and consider their ideas, suggestions and concerns.
3. Show respect for the feelings of my team members and coaches.
4. Adhere to school appropriate behavior at all practices, tournaments and other OM events.
5. Solve the problem with my team members by working together.
6. Talk with my coaches when I am unsure of what assistance is acceptable.
7. Remember that if one of my suggestions is not used, this does not mean the suggestion was not valuable. It might be used later.

I understand that:

- Odyssey of the Mind is a commitment and I will attend all practices/meetings, participate fully and work toward all goals.
- I have a responsibility to the team and coaches to remain committed.
- If I quit the team, my team may not replace me, and I hurt the team.
- I understand that I need to be at all tournaments ready to perform.

### Parent Contract and Commitment:

I understand that:

- Odyssey of the Mind is a long term commitment and I will ensure my child will attend and participate in team practices/meetings/workshops.
- I will contact the coach in a timely manner if there is a scheduling conflict.
- My child will need my support and attendance at tournaments.
- No "outside assistance" is permitted. This includes, but is not limited to, building a prop, applying makeup, providing an idea or suggestion, purchasing adult selected materials, etc.
- I might be asked to purchase snacks, volunteer to be a short term worker at a tournament, purchase or provide team selected materials and will to the best of my ability, comply with these requests.
- All involved with Odyssey of the Mind are volunteers, including the coach, who are gladly giving of their time and talents.

I agree to support the Spirit of Odyssey of the Mind, including good sportsmanship, cooperation, and respectful interactions.
